- A levels from Leicester Grammar School (2011 – 2013)
 - Mathematics: A*
 - Further Mathematics: A*
 - Physics: A
 - STEP I: 1

Personal Statement

I am a cheerful experienced teacher, having taught both in classrooms and one on one. I can learn very quickly on the job, reacting to my audience, making sure nobody is left behind when covering the basics. Having taught a large volume of students from a wide range of skill levels, I would be able to help even the most able minded students.

During my time at LGS, I was slowly introduced to classroom teaching. Towards the end, I was teaching the classroom entirely on my own, including planning and marking.

Similarly, while working with Technology Volunteers, I was taking on the entire class as a volunteer. My role expanded to Project Leader after a while of ongoing good work, which meant I was then leading lessons for teachers, university students, parents and children. Often also liaising with event organisers, to make sure nothing went awry.

Work Experience

- Technology Volunteers.
 - **Volunteer** Teaching children from work sheets and answering any questions they pose not on the sheets. (Jul 15 - Jul 16)
 - **Project Leader** Preparing above work sheets for children to learn coding from. Including explaining concepts to university students, teachers and parents. (Jul 16 - Present)
- **Online Tutor** with MyTutor.co.uk. Consistently working on 5 star rating. (Nov 13 - Jul 15)
- **Teaching Assistant** at Leicester Grammar School, for year 8s and year 10s. (Jun 12 - May 13)
- **Private Tutor** at St Pauls RC School. Tutoring several students one to one (Feb 09 - Jun 11)

Personal

- British National with full driving licence.
- English, Gujarati and Hindi as native languages

Other Information

- University of Warwick Duke of Edinburgh Society:
 - Post Gold Officer (2015 – Present)
